

Strategic Plan 2019-2022

Vision

We nurture individuals who are confident in their own potential and place in a changing world.

Mission

We offer an innovative educational program with small class sizes that supports each child's sense of belonging and celebrates their strengths.

Values

parent-involved
artistic expression
cultural diversity
experiential
small class size

inquiry-based
adaptability
connection
resiliency
attachment theory

active learning
growth
social justice
circle of courage

Indigenous ways of knowing and being
restorative justice
safe learning environment
expanding learning from our school into our community
meeting the child where they are at
environmental stewardship

Priority Focus Areas

Goals

1. An organizational structure with skilled and committed people who are clear about their roles and responsibilities.
2. Our unique educational program is clearly defined and supported by staff, board and parents.
3. We have developed and are implementing a facilities plan.
4. We are well represented, accessible, and visible within our community.
